**ACADEMIC AWARD FOR PROFESSORS EMERITI**

**0257**

**Proposal:**

Professors Emeriti who have served the University actively through University-recognized teaching, research or extension work for at least four months in a given year are eligible to receive an Academic Award at the end of that year, subject to availability of funds in the Constituent Unit they are affiliated with. The Academic Award is proposed to take the form of P22,000 in cash. *of a stipend*

**Rationale:**

Retired faculty members who are conferred the title of "Professor Emeritus" constitute the *crème de la crème* of the University's retired faculty. They were selected among retiring faculty with the rank of Professor 12—or in exceptional cases at least Professor 9 but with achievements equivalent to those in the Professor 12 rank—and a length of service to the University of 15 years. What distinguishes Professors Emeriti is their academic community's recognition of their leadership and dedicated service in teaching/mentoring, research or creative work, extension work or institution/nation building; their marked distinction as productive scholars, artists, or scientists; their effectiveness as educators; and their infectious and untiring zeal for academic excellence.

Professors Emeriti have continued to contribute productively to the University as mentors and/or researchers. This Award is proposed as a token of the University's deep appreciation and recognition of their sustained academic excellence and contribution to the University in a given year.
