Email Address: mmprogram@ymail.com

The UP Diliman Extension Program in Olongapo (UPDEPO) was launched in response to the request of the Olongapo City Government for higher education for the provinces of Bataan and Zambales. The unit began to operate in the 1st semester, AY 1984-1985. Formally establishing UPDEPO, the Memorandum of Agreement (MOA) between UP and Olongapo City was signed on 30 July 1985.

In the first sixteen years of its existence, UPDEPO found its home at the Olongapo City National High School, where it held classes on weekends. It proudly moved to a building of its own inside Subic Bay Freeport Zone (SBFZ) in 2000 by virtue of another MOA, this time between UP and the Subic Bay Metropolitan Authority (SBMA).

The present UPDEPO complex can be found just to the right of SBMA main entrance gate near the Asinan area. However, a new MOA signed between UP and SBMA in September 2011 provides for the transfer of UPDEPO to a new, more strategic location along Rizal Highway, SBFZ. Plans are underway to rehabilitate and develop the site into a complete and fully functional campus that will help increase UPDEPO's educational presence and influence in the SBFZ and surrounding provinces.

PROGRAMS OFFERED

GRADUATE PROGRAM

UPDEPO offers a Master of Management (MM) program (non-thesis) with a trimestral schedule. The program aims to train qualified students for a professional career in the management of business companies, public agencies, and other non-profit institutions. Above all, it seeks to advance a manager's skills in every particular field of endeavor. It also trains managers to competently apply management theories to the enterprise's manifold activities.

ADMISSION POLICIES/REQUIREMENTS

University rules and regulations governing admission apply to the UPDEPO graduate program. Moreover, applicants must:

- 1) pass the graduate admission test;
- 2) have a Bachelor's degree in any field;

3. have at least a two-year work experience;
4. pass an interview with the Program Secretary, Program Coordinator, and MM faculty;
5. have proficiency in basic subjects (Algebra, Statistics, Accounting, Economics)

The admission test indicates aptitude and "pre-existing" qualities needed for graduate management education. The test areas are quantitative processing, logic, and reading comprehension.

ADDITIONAL REQUIREMENT

Students who fail to get the required general weighted average of 2.00 may take two additional courses as approved by the Director, provided the students do not repeat a course previously taken. The grades in all subjects taken will be included, however, in computing the general weighted average. The inability of students to obtain a general weighted average of 2.00 after taking the two additional courses will disqualify them from the program.

MASTER OF MANAGEMENT 30 units			
APPROVAL 101st UPD UC : 12 December 2007 President ERRoman : 18 December 2007
